NOTE FOR SUPPLEMENTARIES

Sri M. Narayanan Nambiar, M.L.A. has given notice of a L.A. question seeking information whether the investigation in respect of the scheme for the excavation of a channel from Thuchanam to Kanyambamkara and Vellachal (referred to in the answer No.777 dated 14-5-54 given to a previous question) has been completed and if so, when the work is likely to be taken up.

2. A proposal for the excavation of the channel at a cost of Rs.9400/- ~~had already been~~ was made in 1951 of which a sum of Rs.7701/- was ~~set~~ provided for land acquisition ~~and~~ charges. The scheme was ordered to be dropped by the Board of Revenue, as the ryots were not willing to part with their lands for acquisition and as there was no food production value for the scheme. The Chief Engineer (Irrigation) submitted fresh proposal in 1954 for sanction with an estimated ~~cost of~~ for Rs.17000/- for works or Rs.22,018/- inclusive of direct and indirect charges. A representation was also received, in the meanwhile, from Sri M. Narayanan Nambiar M.L.A. in favour of sanction of the scheme. On receipt of the report of the Collector of South Kanara on the scheme, the Chief Engineer (Irrigation) has himself sanctioned the scheme, as it was found to be within his powers of sanction both financially and economically. According to his sanctioned estimate, the scheme is to cost Rs.23,300/- for works or Rs.23756/- including the value of the capitalised abatement of land revenue. The land acquisition charges provided in the estimate is Rs. 10,70 The scheme is expected to bring an additional acreage of 44.2 under second crop cultivation, besides stabilising supplies over an existing extent of 124.52 acres on this basis, the additional yield anticipated from the scheme is 38 tons of rice

Sir,

LAND ACQUISITION (SOUTH KANARA) Kasaragod Sub-Taluk Ajanoor ~~Ajxxx~~ Village-Construction of a dam -Excavation of a channel from Thuchanam to Kanyalangara - Under the Minor Irrigation Programme - Proposals under Section 4(1) & D.D. under Sec. ~~4(1)xx~~ 6 of the L.A.Act with urgency Clause -submitted.--

---

Ref: Government Memo No.29045/55.5-II.B.Dated 7-2-56.-

The Executive Engineer, P.W.D, South Kanara Division, Mangalore, has applied for the acquisition of certain Lands, noted in the enclosed draft notifications, for constructing a vented dam across perloth stream in Ajanoor Village, and excavating a channel from Thuchanam to Kanyalangara in the said village.

He reports that the work is included under the Special Minor Irrigation Programme of 1955-56 and has to be completed urgently. In their memo cited above, the Government have stressed the need to complete the land acquisition work expeditiously with a view to keep up the promise made by ~~xxx~~ the Government on the floor of the Lower House, to do their best to complete the work before the commencement of the next Monsoon season. To achieve this object, I have directed the Revenue Divisional Officer Puttur to contact the owners of the plots immediately and to obtain their consent statements to enter upon the lands so that the plots may immediately be handed over to the Engineering Department for the formation of the dam and channel before the ensuing Monsoon. I am expecting the Revenue Divisional Officer's report in this matter shortly. Meanwhile the Revenue Divisional Officer has submitted draft proposals under Sec 4(1) and 6 of the L.A. Act, with urgency clause, under sec. 17 of the said Act.

2/- In this case, a number of sub-Divisions have been proposed to be acquired the total extent being 2.80 acres

N At the final scrutiny of the sub-Division records the extent now proposed may vary a little more or less. Enquiry shows that all the plots sought to be acquired are registered in the revenue accounts as wet and that they do not contain any religious edifices, tombs or grave yards etc. The plots also do not contain any other improvements such as buildings, wells, tanks or tree-topes. The estimated cost of acquisition including solatium at 15% for compulsory acquisition is Rs.6123/- which may also vary a little more or less at the time of the award enquiry. The 1st class wet lands have been valued at Rs.2,50/- per here on the basis of sale of similar lands in the vicinity. As regards II Class Wet Lands, sale statistics are not available and hence they have been valued on their rental basis which works out to Rs.1500/- per acre. It is reported that the rate adopted in both these cases are reasonable.

S

3. For the reasons stated in para 1 above, I consider, that this case has to be treated as urgent, and therefore, I do not propose to hold an enquiry under Section 5-A of the L.A.Act. I accordingly recommend that the said enquiry may be dispensed with. Even if the formal consent of the interested parties are obtained to enter upon the lands ~~pending completion of the acquisition proceedings~~, I shall direct the Revenue Divisional Officer to take possession of all the lands only in the manner prescribed under Sec. 17(1) of the L.A.Act, with a view to avoid illegalities under the Act. I, therefore, request that the draft notification under sec.4(1) and D.Di. under sec.6 of the L.A.Act read with Sec. 17 submitted herewith in duplicate may be approved urgently and ordered to be published in the ~~successive issues~~ successive issues of the Fort St.George Gazette, the notification under section 4(1) of the L.A. The Revenue Divisional Officer, Putter to whom the matter has already been referred reports that he has directed his subordinate staff to obtain quickly the consent statement of the interested parties with a view to permit the engineering staff to enter upon the lands to executed the work before the L.A. proceedings could be finalised. A large number of interested parties are involved in this case and hence the consent statement of all the interested parties could not be obtained.

2. With a view to expedite, the L.A. proceedings, I have already submitted the draft notification under section 4(1) and draft declaration under section 6 of the L.A. Act with urgency clause in this office ref. 1. 345C/55 dt. 24.2.56. The notifications and the draft declarations may kindly be approved and ordered to be published in the Fort George Gazette. I have however reminded the Revenue Divl. Officer again to expedite the work of obtaining the consent statement of the interested parties. The Revenue Divl. Officer has also promised that the acquisition proceedings are over at every stage. I shall submit a further report in this by 15.3.56 or as soon as the Revenue Divl. Officer's report is received, whichever is earlier.

Yours faithfully,

The Revenue Divisional Officer Puttur reports that the work of excavation of the channel has already been commenced by the Engineering Department in the plots handed over to them.

2.S.Nos.96/4,3B,3C, 337/8B &C 338/3B stand registered in the name of Sri Modiyankulam Daivasam and the Executive Officer in charge of the temple states that he cannot give his consent statement without consulting the trustees and the Assistant Commissioner Hindu Religious and Charitable Endowments Tellichery. He has however promised to consult them immediately and give his consent statement. The other interested persons have refused to give their consent statement to enter upon the plots pending finalisation of the Land Acquisitio proceedings. Hence they could not be handed over to the Engineering Department so far. However further attempts are being made to bring them round and obtain their consent statements. Meanwhile I request that the draft notification and Draft Declaration submitted to the Government in this office reference cited (ii) above may kindly be approved and ordered to be published in the Fort St.George Gazette urgently so that I can hand over possession of all the remaining plots under the

S. Kanara has submitted D.N and D.D for the acquisition of an extent of 2.80 acres of land for construction of a vented dam across Barkki stream ~~in Ajamur village in~~ and excavation of a channel from Puchanam to Kaiyalangara in Ajamur village in S. Kanara Dt. In the circumstances reported by him in para 1 of his letter at pp 27-28 of the CMr has recommended that the urgency clause under the L.A. Act may be invoked in this case, as the acquisition is intended for an urgent C.D.P work and that the D.N and D.D submitted by him for the purpose may be approved and published in the F.S.A. Gazette. According to the C-E(I) the extent to be required is 2.70 acres as against 2.80 acres reported by the CMr. In as much as the CMr has reported that the extent to be acquired may vary a little more or less at the final scrutiny of the sub-divisional, no clarification from the C-E(I) on this discrepancy in extents between the C-E(I)'s and CMr's reports seem called for. The E. has already reported that necessary provision has been made in the sanctioned estimate for the above work. ~~In the Circle, the draft Notification under Sec 4(1)~~

Sub:- Land Acquisition. Declaration under sec. 6 of the Land Acquisition Act

The attention of the Depts of Secretariat is invited to GO Mis. 3858 Rev. dated 15-12-55, in which revised draft forms of the declaration under sec 6 of the Land Acquisition Act have been communicated. The Law Dept. have advised that if the intention to pay the nominal contribution of one anna from public revenues towards cost of compensation is mentioned in the notification under sec. 4(1), it is likely to be criticized on the ground that the Govt have prejudiced the very issue whether the land is wanted for a public purpose or not. They have advised that the intention should be specified in a preamble to the declaration. They have also suggested that the following procedure be adopted.

2. When the report of the collector after enquiry under sec 5-A. of the Land Acquisition Act is received, the decision under sec. 5-A (2) should be recorded first and then the contribution to be made out of public revenue should be decided. Steps may

P.T.O

there has been taken to publish the declaration u/s sec 6(1) in the preamble to the declaration, it may be mentioned that it has already been decided to contribute the entire or part of compensation as the case may be, out of public revenues.

3. In cases in which the urgency provisions of the L.A Act are invoked, the direction that the provisions of Sec. 5-A shall not apply, is usually made along with the publication u/s sec 4(1) Sec 4(1). Along with the direction u/s sec. 17(4), the decision that the whole or a part of the compensation shall be paid out of public revenues may be recorded. The declaration u/s Sec 6(1) may issue thereafter, the decision already taken to contribute the whole or part of the compensation from public revenues being referred to in the preable to the declaration.

4. Law have also advised that the scheme of the Land Acqn. Act does not make any distinction when lands are required for public purposes between a case of acquisition solely for Govt use and all other purposes, and that consequently, the proviso to Sec 6(1) of the Act should be satisfied in all cases of acquisition for a public purpose.

Last seen in this Deptt. on p 4 ante. The further note of Agri (FP) may be perused.

In the draft on p 1 ante Agri (FP) proposes to approve both the Notification and the Declaration simultaneously. As only to procedure prescribed in this Deptt's n.o note No. 84887C/55-3 dated 13.12.55., in cases in which the urgency provisions of the L.A. Act are invoked, the Notification u/s sec 4(1) along with the direction under sec. 17(4) should be issued first; afterward the decision about the whole or a part of the compensation should be paid out of public revenues should be recorded. The declaration under Sec. 6(1) may issue thereafter, the decision already taken to contribute the whole or part of the compensation from public revenues being referred to in the preamble to the declaration.
